My dearest Arthur,

I am very much obliged to you in both respects - & now I have another favour to ask, if I may only feel that I am not giving you too much trouble.

I presume you are now & then going to Mac Millan's, about Nature. Would it be inconvenient to you just to ask what they paid me for work in Nature in April or May - but I believe May 1873. I have unfortunately omitted to put down the amount tho' I have a record of the fact of the receipts - I fancy ^{the amount} it was omitted in a great hurry at the last moment for we left home on May 5. ⁵/₁₀₀
