

- a small German State under I believe  
an independent sovereign Bishop -

There is no hurry about it.

My legacy - I mean what was left to augment  
this living - is gone into Chancery! The testam<sup>t</sup>  
having given to her lawyers a wrong instruction as  
to the parties to receive it. It was ordered to be  
added to the fund already existing with the Eccl.  
Commiss<sup>n</sup>. While it is really in the hands of the  
Church Building Soc<sup>y</sup> - So much for will-  
making - I hope they won't charge me with  
the costs of my poor deceased friend's mistake.

I am most thankful to tell you I am great-  
ly better - in fact nearly well - & very  
busy indeed. He writes in his love -

your affec<sup>t</sup>. Old friend
