My dear Mr Arthur

I hope you have had in mind of sincere thanks. —

One exploded line to say —

Frank of Leicester wants to be nominated next Friday. Less more
likely to do well for R.A.S. It has got personal knowledge man in
Leicester ^(Brewin) - wants me to second, & get him a third. I would gladly -
but he's a day too late. So I have written to him to write to Westley &
get a nominⁿ paper full speed - & send it back full speed to Burlington
House - addressed to yourself - care of Westley - who, if you are going to the
meeting, & the letter reaches London in time, will deliver it to you on your
arrival. Should you get it according to this scheme, will you oblige me by
seconding the nomination, & asking some other fellow kindly to third it &
then it will be just in time. Please come at end of month to meet Lord
Aberdeen's nephew who has a great craze for *** your loving D. J. Pro, mae Dydd!
