

that you might do us if and when quite convenient - and we earnestly hope they may not inconvenience you in any way. -

One is, the payment of the enclosed amount at 346, Strand

Another is - I see by the last N^o. of Notes & Queries that Bolin, 18, Henrietta St. Co^o. Garden, wants Thomson's History of the Royal Society. - He says, Edit. 1800. - Now I have it (in very good condition) of 1812 - no notice of its being other than the 1st Edit - so I suppose Bolin's date is wrong - and I don't care about keeping it, but I don't know what to ask. It was marked 10s. 6d. towards 40 years ago, but maybe much more valuable now. Could you kindly find out for me what I should ask at a fair rate now? -

- Ditto Waterland's Critical History of the Aethiopian Creed, a nicely bound copy, marked in ancient times 2s. 6d. and wanted by a gentleman near Dublin. I have no doubt

your bookseller would tell you the proper sum to ask for each of these. - Thomson's Hist. is only in boards.

I enclose a Cheque for £3 as I fear we shall be troubling you to pay another bill before long. -

I must close, because of a ~~lot~~ lot of commissions to prepare for stay - and remain
